# Warehouse Updates

## The Winter Studio Heating System

We are focusing on our campaign to install a heating system in our Winter Studio! The Winter Studio serves as a multi-use space for various programs such as our yoga and pilates classes, weekly music nights, club meetings, and private events. Many of the programs that are held in The Winter Studio are free or low cost, family friendly and open to the public. As a non-profit organization, the sense of "community" and bringing people together through our programs is an important part of our mission: to provide quality education, programming, and events that explore all aspects of creativity for all ages. Installing a heating system would allow us to continue these programs year round and continue making a positive impact in our Northwoods community.

If you would like to make a donation, please visit our GoFundMe page:

Warehouse Community!  
**Meet T. Ray**

**Hometown:**  
Three Lakes, WI

**T.'s involvement at The Warehouse:**  
T. has been involved at The Warehouse for 5 years. "I take ceramics classes, work in the open studio, monitor the studio and help to manage the studio. I also teach Corks & Canvas classes. I take yoga classes here!"

**How long have you been an artist and what medium(s)?**  
"I have been an artist for many years. I got my BFA in art and was an MFA student in printmaking. I paint in watercolors, acrylics, and oils. I work in clay both on the wheel and hand building."

**Hobbies:**  
"I knit and I love to ski!"

**3 Pottery Tips from T.:**  
1) Be patient  
2) Experiment  
3) Always continue to learn and develop your skills. Taking classes from different instructors is really beneficial.

# Arts and Aging

Story of the month!

Please enjoy the story and illustration below, "Second Best Wins", created by TimeSlips participants in our Arts and Aging program.

The TimeSlips program works to focus on imagination rather than memories to connect with others through creativity, including those with dementia and memory issues.

Our TimeSlips certified instructor, Johanna Buwalda, makes a visit to an assisted living facility each week. Together, they use their imaginations to envision and write a story to go along with a photo that they are shown.

Thank you to our Arts and Aging sponsor, Northwoods United Way!

## Second Best Wins

It's a blue convertible in a garage with three old fashioned couples. Two guys are looking at the blue convertible, Scoobydoo and Scoobydee. They are disk jockeys and they are broadcasting a television show. It's a car show for older cars. This car is from the 50's or 60's which is pretty old for a car.

These men are putting a bid on this car. The audience can bid too. It's got a reserve but whomever bids highest and bids high

enough to meet the reserve, gets the car. Nobody bids high enough, so the blue convertible doesn't sell.

They go on to the next car which is a red Cadillac and they bid on this car as well. Somebody from out of town sees it on the television and bids over the telephone. He gets the car.

Scoobydoo and Scoobydee still have an hour on their show and they hope they sell more cars. Next up is a yellow car. It's a good car and they ought to bid on it. Scoobydee and Scoobydoo will bid on it. They bid high and get the car! They feel great and wish the show was over. They are ready to go driving.

At the end of the show, they can drive the yellow car out on the road. People stop and clap because the car is so nice! They drive real slow down the Main Street and everybody comes out of their house and the stores to look and they clap all the way home to their house. This was a good day!
